I usually meet my friends down at the multiplex on a Saturday and we decide what to watch. There's always something new out that we want to see. Luckily, we have the same taste and don't spend too long deciding. I enjoy talking about it afterwards – the special effects, the acting and so on. It's my favourite pastime!

51

I'm crazy about all the new gadgets that come out. I spend most of my free time shopping or surfing the Internet to check out the prices. The trouble is, nothing stays new for very long and you have to upgrade all the time. My mum says I spend too much on things I don't need. I can't help it – it's my passion. It's so exciting to keep up with the latest trends!

52

I have always been a very active person, always trying new sports and spending my time keeping fit. I enjoy sport, not only because it is healthy, but also because it is a good way to meet people. I'm really into mountain biking at the moment and so I spend most weekends on trips. We sleep out in tents – it's cool!

53

I spend a lot of my time shopping. I like to shop on my own or with my friends and most of my money is spent on clothes. But, I am very careful with what I buy. I always spend time window shopping first and make

sure I am getting a good price. It's brilliant when you find a really nice top and everyone thinks you paid a fortune for it when in fact it cost you next to nothing!

54

You might think it strange that I spend so much time at the dog training centre. Most people my age are more interested in clubbing or hanging out at the mall. But, it's great to work with animals. My dog, Roy, has become so obedient now and I have helped my neighbour's dog as well. It started out as a hobby, but who knows? I might decide to do it as a career.

55

Running errands for people is what I enjoy doing most. I usually help my grandma on a Saturday with her shopping and sometimes do some gardening too. There's always something that you can do to help people. It doesn't have to be a big job that takes up all your time – even the small things can make a difference. I never take money for the work I do. I do it because I want to help.

56

Seeing bands on TV or listening to recordings just isn't the same. You really need to hear it live. I love to go and listen to my favourite bands and often travel long distances to see them. Sometimes I drive down to London with some friends, or I go for a weekend break and fly down. My favourite has got to be the Glastonbury Festival. There you can hear the best music around.

There are many different kinds of activities for us to enjoy nowadays. In fact, there is something for all personality types.

If you are the brave, adventurous kind, you can try skydiving or white-water rafting. Many people are crazy about sports like these **59** . Today we live in the 'extreme' sport world. We seek adventure instead of **60** .

If you are the quieter type, you may enjoy gardening or fishing. These activities are more relaxing **61** . Seeds sown in the spring result in beautiful flowers that can brighten up your mood; fishing with friends can strengthen the relationship you have, or may just be a relaxing day out with a tasty supper at the end!

The imaginative may take up art classes or learn sculpture. In today's fast-pace world we

all appreciate the opportunity to express ourselves and take it easy **62** . Solitary activities like knitting or stamp collecting, once considered to be old-fashioned, are becoming popular again.

Traditional team sports like football or basketball are great for developing team spirit and a sense of national pride. However, shy, reserved types prefer to watch them from the comfort of their couches rather than practise the sport itself. It is a pity, **63** .

Today's pastimes are often linked to technology and may encourage us to be lazy. Surfing the Net or chatting online is a popular pastime for many but more sociable types prefer to go to the cinema or go to an exhibition **64** .

Whatever we like to do in our free time, the main thing is to find something that we enjoy doing and be open to new experiences.

- A as sports like these have the ability to make us fit and strong
- B and they bring many rewards
- C because some people would rather go snowboarding
- D where they can be in direct contact with people
- E because of the adrenaline rush they get from them
- F after a hard day at the office
- G staying at home and playing cards or board games

4. Reading (базовый уровень)

Read the text and answer questions 59-65, selecting the correct answer from the four choices given.

In the United Kingdom compulsory education ends at the age of sixteen. However, many students stay on and complete two more years. For some (and I include myself in this category) school just becomes a habit, something you don't want to give up as it is so familiar to you. School is your world and you know nothing else and so you just keep on going.

Imagine my feelings when sixth form was over and there were no more classes to complete! Instead of feeling a sense of joy and relief I panicked — what was I to do? The logical and best option was to go to university and continue my studies there, so that is precisely what I did.

Unfortunately the end of secondary education in the U.K. is not marked by any sense of celebration, like in other countries like the U.S.A. where students 'graduate' at the age of 18 and have a fancy ball. (In the U.K. you have to wait until you finish college or university before you can have that privilege). In the U.K. you just 'finish school!' The lucky ones have a respectable collection of qualifications to their name as souvenirs; the unlucky ones may have slipped through the net somehow and end up going back to education at a later date when they feel more like studying. Education is more than qualifications, I admit that. But they are what count at the end of the day. I made sure I got my fair share of them, just in case.

Ask anyone what they remember most about school and they'd probably say the teachers. They are what makes education a humanistic experience and therefore are the most memorable: the good ones, the bad ones, the kindest ones, the most generous ones ... I was sad to leave them all, but I always was far too nostalgic!

School dinners, of course, are remembered for all the wrong reasons — the long queues, the fat dinner ladies, the greasy food! Thank goodness they have introduced healthy eating plans in schools! Pupils are luckier nowadays!

Principally, school is all about belonging to a certain community and fitting in and making a contribution. I remember struggling at certain times in the year, trying to find time for musical productions and athletics competitions. I wanted to do everything and make my school proud. What was I more — an athlete or a musician? I was both, and a scholar too; an 'all-rounder' I suppose you could say. Luckily, I was able to rely on my natural ability to get me through the exams and didn't have to spend too much time studying. I just listened to my teachers and got through that way. I thank them, really I do.

So, it will come as no surprise to you to find out that I became a teacher after I finished university. I couldn't get enough of school and so I stayed there! But this time it's different. Now I can give something back to society. I face many challenges every day but I keep going.

A study by a group of Australian researchers suggests that global sea levels could go up by as much as 50 cm over the course of this century, should current trends continue. This is particularly worrying for island nations like the United Kingdom who already lose hundreds of square miles of land each year due to erosion. The research is based on data from locations around the globe and covers a 130-year period.

60

How can we live less wastefully and support the environment so that it may be healthy for generations to come? It may seem like an overwhelming task but it takes just three steps to make a real difference: we must reduce, reuse and recycle! Before we throw anything away, we must think if there is any way we can use it for another purpose. It is good for your finances too!

61

The Earth has warmed by three quarters of a degree centigrade over the last hundred years. Alarmingly, more than half of this warming has occurred since the 1970s. We can no longer question whether human activity has contributed to this rise. The emission of greenhouse gases such as carbon dioxide, methane and nitrous oxide has affected our climate dramatically. Depending on our emissions, the average global temperature could rise between 1.1 and 6.4 degrees by the end of the century.

62

Declared a World Heritage area in 1981, The Great Barrier Reef is the largest structure built by living organisms. It is the only living organic collective that is visible from the

Earth's orbit. Covering a territory of more than 300,000 square kilometres, it is made up of beautiful islands and idyllic coral cays. It contains the world's largest collection of coral reefs. No wonder the Australians are so proud!

63

Birkbeck College is open to the public on the 23rd of May from 11 am to 5.30 pm to get us thinking on a wide variety of topics. Join in the many workshops and you will get the opportunity to find out how your lifestyle affects the environment, the dos and don'ts of recycling and much, much more! You can even bring in your heating bills and get expert advice on how you can save energy at home!

64

Want to live and/or work in a pleasant environment, a laid-back city? Then private cars must go! The only permitted motor vehicles would be buses, small taxis and vehicles for essential services. This would solve the current problems of congestion and parking and improve the quality of the air. Who wants to drive at six miles per hour, pollute the atmosphere and fight with pedestrians? We can beautify the city and improve the quality of life for people who live in the centre if we so desire!

65

Genetic modification has made it possible for farmers to grow crops that previously seemed impossible: huge plants bursting with natural pesticides and vitamins. Such crops mean that people in third-world countries won't have to go hungry every day because there will be enough to feed the whole of the world's population. On the other hand, some people fear that GM crops could pose more risks than benefits to humans.

54

It was an unbelievable experience — the scenery so white and yet there were varieties of white I had never

seen before. The giant icebergs we sailed past were almost close enough to touch; the penguins and seals ignored our presence and continued their usual business. And in the far distance I caught sight of a whale. Amazing!

55

Inside the diving cage my knees began to shake. Then, as if out of nowhere, the great white shark appeared. Brought by the smell of the sardines, it circled near me, its razor-sharp teeth just centimetres away. Its powerful body shook the boat before it descended back into the depths of the ocean.

Colourful and crunchy fruit and vegetables can be an enjoyable part of our diet. However, not all children and adults eat the recommended amount of two pieces of fruit and five vegetables per day. Some children learn to expect 'tastier' snack foods **59** . Unfortunately, parents may not always set a good example **60** .

There are many reasons why we should eat plenty of fresh produce. Not only are they packed with healthy vitamins, **61** . Eating more fruits and vegetables can also lower cholesterol and bring down high blood pressure. They also keep your eyes and digestive system in good shape.

Fruit and vegetables may be any colour, shape, texture or variety. They can be frozen, fresh, tinned or dried. There are also many ways to prepare them, **62** . It is important to include a

variety of different colours of fruit and vegetables in your diet.

Sometimes vegetables and fruit can seem expensive. But, compared to packaged foods like crisps, they are relatively cheap. If you are worried about the cost, choose those that are in season. That way, you will get a chance to try new things **63** .

So how can we find ways to include more fruit and vegetables in our diet? It is a good idea to add fruit to your breakfast cereal in the mornings. Or you can try drinking fruit juice **64** . Increasing the amount of fruit and vegetables you eat by as little as one serving a day can make a big difference.

- A but they can also lower the risk of disease
B and enjoy more flavour, too
C such as steaming, boiling, microwaving, stir-frying or roasting
D and reject the healthier options such as raw carrots or an apple
E which give us the daily vitamins that we need
F by enjoying a wide variety of fresh fruits and vegetables themselves
G instead of coffee, tea or fizzy drinks
